

Permission to Run Credit/Debit Card

March 24, 2023

Permission to Run Credit/Debit Card

By signing this form, you give Coastal Skies Aero Club LLC permission to run your credit/debit card after each flight or ground session. If the flight or ground session occurred after club hours, your credit/debit card will be charged the following day. I understand that I will not be contacted prior to running the credit/debit card and that, if declined, I will be contacted by an officer of Coastal Skies Aero Club LLC to provide a different credit or debit card to pay. I understand that this will continue until Coastal Skies Aero Club LLC receives written notification to stop running the credit/debit card for payments.

I understand that my credit/debit card will be charged monthly dues on the first of every month. This will continue until Coastal Skies Aero Club LLC receives written notification to stop running the credit/debit card for monthly dues.

If you can not be reached for an alternate form of payment, you are responsible for making your payment. Please be aware, there is a 24.0% interest charge on all open balances over 60 days old. These fees are cumulative until the entire balance is paid.

You will continue to receive statements by the 5th of each month. The statement will show the payments that were made to Coastal Skies Aero Club LLC, and will have a \$0 balance. This statement is for your records only
